NEW FEE SCHEDULES

In accordance with an act of the State Legislature passed in 1921, the Board of Regents, at their July meeting, instituted a tuition fee of $150 per annum for all students in the academic schools and colleges who are not residents of the State of California; except for students admitted to full graduate study leading to academic (non-professional) higher degrees or teachers' recommendations, the work for the degree or recommendation to be completed within the minimum period. The tuition fee for non-resident students in the Medical School was raised to $500 per annum.

The old infirmary, gymnasium, book, and syllabus fees, together with the new library fees, were consolidated and increased to $25 per semester to cover the cost of all services other than instruction rendered the student.

SUMMER SESSION ENROLLMENTS

The total enrollment in the Summer Sessions for 1921 was 6260, as compared with 5929 for 1920. At Berkeley the enrollment was 4009, an increase of 10.5 per cent over 1919. At Los Angeles 1427 students enrolled, an increase of 28 per cent over the enrollment for the previous year.

UNIVERSITY NAMED "DISTINGUISHED COLLEGE"

The University is one of the thirty-four institutions of higher education to be named by the War Department as the "Distinguished colleges and honor military schools, respectively, for 1921." As a "distinguished college" the University is given the right to one appointment, virtually without examination, to the regular army; and also to maintain one representative candidate at West Point.

CAMPUS IMPROVEMENTS

The leveling of the large unused portion of the campus lying between Hilgard Hall and Oxford street, begun last fall, was completed this summer. The old experimental gardens north of the center path are gone, and the entire area is now given over to a drill and recreational field.

A new handball court unit containing eight separate courts has been completed on the vacant lot just outside the Sather Gate.

ALUMNI

The Alumni Association has devoted much time and effort to increasing the efficiency of its address files during the past three months by checking up known addresses and by adding the names of those not already listed. In securing added names the association has been aided by the Stadium Committee which sent out thousands of postcards for the purpose of securing the recent addresses of graduates and former students. The names of approximately 20,000 men and women are now listed.

The Alumni Council, at its August meeting, pledged support to the stadium campaign. A special Stadium Number of the Alumni Monthly was mailed to all alumni whose addresses were known.

Considerable activity has been shown in various communities toward the formation of alumni bodies, and many cities and counties in the State already have well organized alumni groups. Among the communities

* Effective July 1 unless otherwise designated.

which have announced their intention to form organizations are Yolo and Modoc counties, Long Beach, San Diego, San Francisco, Oakland, Phoenix, Seattle, Washington, and Chicago.

For the purpose of the stadium campaign every large city and town in the state of California is organized.

Beginning this year the publication of the alumni paper was changed from a fortnightly to a monthly organ.
